San Antonio's Photo September Almost Here!

From the website,

The **FOTOSEPTIEMBRE USA** International Photography Festival is a unique and eclectic forum for the exhibition and celebration of photography and photography-based art forms.

For fifteen years, the **FOTOSEPTIEMBRE USA** Festival has fostered a growing interest in the photographic arts in South Texas, with established and mid-career artists showcasing their talents alongside a burgeoning pool of avid photographic artists and enthusiasts. This growth reflects a deep interest in photography both as an art form and as a means of personal and cultural expression. It also points to San Antonio's expansive, enthusiastic embrace of **FOTOSEPTIEMBRE USA-SAFOTO**.

As organizers of **FOTOSEPTIEMBRE USA**, we strive for the highest levels of quality and service for the benefit of festival participants and the community as a whole. We fully engage the rich multiplicity of our combined cultural legacies, and we are proud of the opportunities for outreach, artistic advancement, and economic development that are generated by our Festival.

FOTOSEPTIEMBRE USA has grown exponentially since we began in 1996 with a small, engaging group of exhibits and conferences. ... **FOTOSEPTIEMBRE USA** 2002, included a wide spectrum of innovative photographic work from 230 artists in 75 exhibits at 62 venues in San Antonio, Boerne, Kerrville, New Braunfels, Austin, Houston, Orlando, Maryland and New York. Exhibiting photographers came from Peru, Canada, Germany, Belgium, Iran, Mexico, India and the USA.

In many instances, **FOTOSEPTIEMBRE USA** exhibit openings in San Antonio are scheduled by geographical location. Exhibits within the same area host their opening receptions on the same date; allowing the public to see more exhibits, more comfortably and more conveniently. At the same time, artists and venues benefit from the increased attendance that results from cross-promotional efforts and easier access.

Aside from the many exhibits on display in San Antonio during the month of September; galleries in Boerne, Fredericksburg, Kerrville and New Braunfels, in the Texas Hill Country, also show fine photographic works of regional, national, and international artists.

All **FOTOSEPTIEMBRE USA** events are free and open to the public. If you are an artist or an organization interested in participating in the **FOTOSEPTIEMBRE USA** Festival, please visit the [GUIDELINES](#) section of our web site for detailed information.
