## FOTOSEPTIEMBRE - PHOTOGRAPHY EXHIBITS

*Art enables us to find ourselves and lose ourselves at the same time.*

*Thomas Merton*

You will soon have an opportunity to view the work of several photography artists, mostly women, during Fotoseptiembre USA beginning August 26 and ending October 1. This is your invitation to attend Fotoseptiembre throughout the month of September. The Texas shows will be in San Antonio, Boerne, Spring Branch, Corpus Christi, and Forth Worth. Other venues are Massachusetts, New York, and New Orleans, including other countries. I will be one of the participating artists showing two of my series. This is a perfect opportunity to support a conservative artist.

The Bulverde/Spring Branch Library has invited me to exhibit 'The Women of Comal County' which I can already tell you will be a continuing body of work. It has also been an amazing journey for me. The second series includes images taken the last two years from my many travels to Austin, San Antonio, and Washington DC for Pro Life rallies. The title of this body of work is 'The Reality of Life' and is my first attempt at addressing any controversial 'social' issue. These images prove to the viewer that we must continue to show the world that there are alternatives to this tragedy called abortion.

'The Women of Comal County' captures women I have been fortunate enough to come to know in my 10 years residing in Comal County. I thought it best to surprise the viewers as to my choices for this exhibit. You need to attend to see who these women are. 'The Reality of Life' gives an insight to how people react or act during these rallies or protests, depending on which side you are on. The following are the first paragraphs from the mission statements for the exhibits. I hope that you make the time to come and see my work. The library reception will be on September 10 from 3:30pm to 5:30pm and Rebecca Creek Gallery will host the reception for 'The Reality of Life' on Saturday September 24 from 1pm to 4pm.

Please plan to attend. And as in all exhibits, the public is invited, admission is free and the artists' work is for sale. You may also go to the Fotoseptiembre website under archives and view some of my past series.

ABOUT ME

**Red Sonja**

Politics have always fascinated me and for the last 16 years I have been very active in the Republican Party promoting Conservative values. I have been a campaign manager, president of a Republican club, attended County and State Republican conventions, been on County Nominating Committees, and helped organize Candidates Forums. My objective is to keep conservatives informed of the issues that affect our Judeo Christian values, to help safeguard our American liberties and to be fiscally responsible. Conservatives in Action was conceived in late October 2008. I attended the inauguration of our first black president and saw the jubilation of the people coming to witness this historic event. I cried when this historic president took the oath of office because I knew in my heart that the "transformation" of America had begun. My hopes had been that he would govern from the center as I felt he might not. After listening to his campaign speeches and reading his books, I knew he was wrong for America and realized more than ever that elections have consequences.

## THE REALITY OF LIFE

Abortion has become a topic of grave concern for many conservative Americans. And in the present political climate it has not been an easy road to travel as Pro Life advocates have been ridiculed and depicted as 'Right Wing Extremists'. Pro Choice for so many years has had the funding and legal support system that the Pro Life movement has not enjoyed. Only recently have we found our new voice. It is my assessment that not only do we need to discuss this subject openly but we must also be brave enough to embrace 'The Reality of Life'.

### ARTIST STATEMENT THE WOMEN OF COMAL COUNTY

I have been photographing it seems all my life. As a photographer there is always that constant search for the 'perfect' subject. I have come to realize that all the photographic series I have completed are 'perfect'. That it is only my perception of what is 'perfect' that I have to satisfy. Women seem to always be searching for the perfect dress, the perfect shoes, and the perfect haircut and so it goes. Most women do not realize that they are the 'perfect' part in an imperfect world. For this very reason I have embarked on a very gratifying journey of photographing the "Women of Comal County."
