Yes, we know it's not September yet. But that's not stopping FotoSeptiembre USA. The photography festival, which has seeped out of the city limits and into the Hill Country, gets under way with a couple of openings. First up, "Photographs with Issues," an installation and sculptural photo works by [Joan Frederick](#), opens with a reception from 5:30-8:30 p.m. Friday at Bihl Haus Arts, 2803 Fredericksburg Road. Then, Saturday, "XXI: Who We Are And Who We Could Become," an installation by [Carla Veliz](#); and "Earthly Bodies," images of the human body and other natural forms by [Ramin Samandari](#), open with a reception from 5-8 p.m. at Gallery Nord, 2009 NW Military Hwy. For her exhibit, Veliz destroyed, then attempted to restore a long sheet of white silk, documenting the process on video she then used to produce digital prints.
