The FOTOSEPTIEMBRE USA International Photography Festival is a unique and eclectic forum for the exhibition and celebration of photography and photography-based art forms.

The FOTOSEPTIEMBRE USA International Photography Festival has fostered a tremendous growth in the photographic arts in South Texas. Established and mid-career artists showcase their talents alongside a burgeoning pool of avid photographic artists and enthusiasts. This reflects a deep interest in photography both as an art form and as a means of personal and cultural expression. It also points to San Antonio's expansive, enthusiastic embrace of FOTOSEPTIEMBRE USA-SAFOTO.

In many instances, FOTOSEPTIEMBRE USA exhibit openings in San Antonio are scheduled by geographical

location. Exhibits within the same area host their opening receptions on the same date; allowing the public to see more exhibits, more comfortably and more conveniently. At the same time, artists and venues benefit from the increased attendance that results from cross-promotional efforts and easier access.

Aside from the many exhibits on display in San Antonio during the month of September; galleries in Boerne, Bulverde, and Spring Branch, in the Texas Hill Country, also show fine photographic works of regional, national, and international artists.

All FOTOSEPTIEMBRE USA events are free and open to the public.
