

1999 EXHIBITION PROGRAM

SAFOTO

SAN ANTONIO PHOTOGRAPHY BIENNIAL

Aside from being a mouthfull, SAFOTO / The San Antonio Photography Biennial, is a truly unique artistic endeavor, conceived in response to a growing demand for photo-based exhibits in South Texas. September and October have now become the traditional season for photography exhibits in San Antonio; with SAFOTO taking place in the odd numbered years (1999, 2001, etc.), and Fotoseptiembre in the even numbered years (2000, 2002, etc.). SAFOTO begins its auspicious cycle of activities with the fortunate support of a convivial, informal and non-denominational group of artists and art enthusiasts, who's efforts will help to create and define the future of photography in our community. Like most worthwhile efforts, SAFOTO is starting small. Join us early, and you'll have ample time to enjoy these wonderful exhibits by San Antonio photography artists... before the crowds arrive in 2001.
